Surface inclications

What a miner would very properly term "surfaces indications" of what is beneath, are the J Fimples, Sties, Sore Excs. Hottls, and Cutaneous Eruptions with which people are annoyed in spring and carly summer. The effect matter accumulated during the winter months, now makes its presence fell, through Nature's endeavors to expel it from the system. While it remains, it is a poison that is steriothe blodd onthough develop into Serofitab. This condition causes decrangement of the digestive and assemblacety or caus, with a fiscing of enertation, language, and warrings. often feathly spoken of as "only spring favor." The starte exidences that Nature is not able, unaided, to throw of the corrupt atoms which weaken the vital forces. To regain health, Nature must be added by a thorough blood-paritying medicine; and nothing else is so effective as

Ayer's Sarsaparilla,

which is sufficiently powerful to expel-from the system even the taint of Hered-tary Serofula.
The medical pracession indorse Avent's SARSAPARTI V, and many attributions of the extracted each by it come from all part-of the world. It is, in the language of the Hon. Francis downth, existed Sen-mor of Missachusetts and existance of Lowell, white only preparation that does real, lasting good. PRUPARED BY
